&

BRIEFING SYSTEM

Web-based Complete Solution for litigation management & Monitoring

LIMBS BACKGROUND

LIMBS is a simple and innovative web-based application which utilizes standard template with well-defined fields for storage, categorization and search of legal cases and documents, managing timely administrative procedures and audit trail which in turn bring uniformity in office standard norms of entire chain of litigation management involving Union of India.

LIMBS brings together key stakeholders– including users, Nodal Officers, Ministries/Departments, and advocates– onto a single, unified platform for efficient case management.

PROGRESS OF LIMBS-

- 53 Ministries
- 06 Apex/Independent Bodies
- 400+ Attached/ Subordinate offices/PSUs
- 12985 Registered Users
- 1254830 Total Cases
- 723933 Pending Cases

FEATURES OF LIMBS

1. Integrated with Supreme Court of India, 25 High Courts, District & Session Courts and 9 Tribunals which enables real-time data retrieval on case details and court orders.
2. Auto-Update via CNR (Case number Record) : Ensures daily automated updates on case status, hearing dates, and court orders
3. MIS Reports: User can generate 15 types of various reports **e.g**. Case status wise, Case category, Financial implication, Court wise, Total report, Periodic Report, Contempt cases / NDOH cases report.
4. Case search on basis of case details via Advanced Search
